**2010 Census Presentation at Long Beach Branch NAACP's General Membership Meeting**

The public is invited to the Long Beach Branch NAACP's 2010 Census Presentation on Sunday, September 20, 2009. The presentation will be held at 3:00pm at Ernest McBride Sr. Park (Cal. Rec.), 1550 Martin Luther King Jr. Blvd., Long Beach, CA 90801. The Census is very important and the data from the Census impacts all of us, so the Long Beach Branch NAACP is urging the community to come to this meeting.

The National Association for the Advancement of Colored People (NAACP) was formed in 1909 by a group of black and white citizens, in response to injustices that many Americans confronted solely because of race. Today, the NAACP, the oldest and largest civil rights organization in the world, continues to focus major efforts at increasing voter empowerment, educational excellence and individual responsibility, thus creating an infrastructure for economic and social development and new effective ways to develop young leaders.
